

## § 230.5

## 36 CFR Ch. II (7–1–02 Edition)

(3) State plans shall become effective upon approval by the Chief.

(e) The State Forester shall administer the Program within the State and monitor the Programs to ensure that it is achieving desired results and shall ensure landowner compliance with practice installation specifications and maintenance of the practice.

(f) Not more than 10 percent of a State allocation of funds may be used to finance State Program development and administration. The State Forester must obtain approval from the Regional Forester of the amount of the State's Program allocation to be used for State Program development and administration.

(g) The percent of the State's Program allocation of funds that may be used to cost-share the development of Landowner Forest Stewardship plans will be determined pursuant to § 230.3(e) of this subpart. The State Forester must obtain approval from the Regional Forester of the amount of the State's Program allocation to be used for Landowner Forest Stewardship Plan development (§ 230.7(a)(1) of this subpart).

(h) The State Forester shall document and make available for public inspection all determinations made in consultation with the Committee.

### § 230.5 Eligibility requirements.

(a) All nonindustrial private forest landowners as defined in § 230.2 of this subpart, including those who produce forest products on a part-time or intermittent basis, who meet the requirements of this section, are eligible to apply for and receive assistance under the Program without regard to race, color, religion, national origin, age, sex, marital status, or handicap.

(b) To be eligible to receive cost-share funds under the Program, a landowner shall own not more than a total of 1,000 acres of nonindustrial private forest land, except where the State Forester, with the concurrence of the Regional Forester, determines that significant public benefits would accrue from approval of a landowner owning not more than 5,000 acres. In making a determination of significant public benefits, the State Forester and the Regional Forester shall consider, at a

minimum, whether the installation of practices by landowners who own more than 1,000 acres but less than 5,000 acres are necessary to achieve cost-effective resource management objectives without unduly affecting Program participation of other eligible landowners.

(c) To be eligible to receive cost-share funds under the Program, a landowner shall not own less than the minimum contiguous acreage as established by the State Forester. However, in no case shall the minimum contiguous acreage requirement be higher than 25 acres.

(d) To be eligible to receive cost-share funds under the Program, a landowner must agree to manage the following lands under a Landowner Forest Stewardship Plan prepared pursuant to § 230.6 of this subpart:

(1) All of their nonindustrial private forest land with existing tree cover within a contiguous tract; and

(2) Other nonindustrial private forest land within the same contiguous tract which is identified by the landowner and approved by the Service Representative as suitable for growing trees and scheduled for conversion to a Program practice.

(e) To be eligible to receive cost-share funds under the Program, a landowner must agree to maintain Program practices for 10 years, unless otherwise specified by the Chief.

### § 230.6 Landowner forest stewardship plan.

(a) Prior to receiving approval to implement any Program practice identified in § 230.7(a)(2)–(9) of this subpart, eligible landowners shall have an approved landowner forest stewardship plan. The landowner forest stewardship plan shall be prepared by a Resource Management Professional and approved by a Service Representative and shall identify and describe actions to be taken by the landowner to protect and manage soil, water, aesthetic qualities, recreation, timber, and fish and wildlife resources in a manner which is compatible with the objectives of the landowner.

(b) A landowner forest stewardship plan shall be effective for not less than 10 years, but shall be reviewed at least
